

TRAA Addresses Creative Invoicing at L&L Conference

Need help getting invoices paid? TRAA, the national towing and recovery association, is gathering a panel of the industry's finest craftsmen to help you fine-tune the art of invoicing so you can get those invoices paid. That's just one of the many discussions to be held at TRAA's 13th Annual Legislative and Leadership Conference, March 12 - 13 in Arlington, Virginia.

Additional topics include an update on TRAA's popular Vehicle Identification Guide and another entertaining and informative presentation by Tom Martin, former Virginia State Police Captain and star of the HATS DVD. Tom is now coordinator for the I-95 Coalition and will update the industry on the Coalition and explain how towers can participate in coalition programs.

Register by February 19, 2010 to save \$50 off the registration fee. To register, just download the registration form attached using the link below, complete the form and fax it to TRAA at 703.684.6720.
